

**ROCKY FLATS ENVIRONMENTAL TECHNOLOGY SITE
CDPHE/EPA CONTACT RECORD**

DATE: 3/25/96 TIME: 4:30
SITE CONTACT: Kirk Ticknor EXT: x6344
CDPHE/EPA CONTACT: Chris Gilbreath TELEPHONE NO: 692-3371
AGENCY: CDPH&E

Purpose of Contact:**DISCUSS CLOSURE ISSUES**

Discussion: With permission from Kyle Peter, myself, Gary Guinn, Dick Sexton called Chris to discuss the following issues:

1. During the D&D of Building 889, a very small portion of Unit 40 (i.e. about 50 feet of above ground piping) will be stripped out. We asked Chris if we could do this without a partial closure plan and document the details of the strip out in a letter to CDPHE after the pipe is stripped out. Chris told me on 3/28/96 that Joe Schieffelin was OK with this.
2. Gary told Chris that we are conceptually considering D&D of Building 884 (RCRA Drum Storage Unit 13). We asked if we could defer soil sampling without modification of the closure plan for Building 884 until work on the IHSSs in the area begins. Chris said yes under the following logic: (1) If we can document there were no releases from the storage unit, the soil screening in Part X of the Permit can be done with process knowledge to demonstrate that the Unit did not contaminate soils. Thus, no soil sampling would be required under the closure plan, and (2) if there is the possibility that the unit did contaminate the soils, a P. E. Closure Certification can be written such that the soil sampling and cleanup under the permit can be deferred to the cleanup agreement.

Follow-up required:

None.

REQUIRED DISTRIBUTION

Dave Maxwell - DOE, RFFO Fax 3710
Dave Grosek - DOE, RFFO Fax 4728
Flo Phillips - K-H, 111 Fax 2156
John Wrapp - K-H, T130C
T. Benton - WSI, T119B Fax 2865
K. Holstein - DynCorp, T130D Fax 3744
Bill Wierzbicki - SSOC, 750 Fax 7553
G. Konwinski - RMRS, T130F

ADDITIONAL DISTRIBUTION

K. G. Peter - K-H, T130C
M. Ferrari - K-H, T130C
Karan North - K-H, T130C
C. C. Jierree - RMRS, T130F
Gary Guinn - RMRS, T130F
Mark Hickman - RMRS, T130F
John Chapin - RMRS, T130F
Paul Bengal - RMRS, T130F
Jeanne Poling - RMRS, T130B
